
- **AKC2008** -

Asia-Korea Conference on Advanced Science and Technology

期間: 2008年10月24日(金)~25日(土)
場所: 東京・学士会館
Web: <http://www.kseaj.com/>

Aims and Scope:

The objective of the Asia-Korea Conference on Advanced Science & Technology, AKC2008, is to provide several symposiums and forums for the exchange of technical ideas on the recent developments in the field of Advanced Natural Sciences, Bioscience & Biotechnology, Material Science & Nanotechnologies, Next Generation Networks and Mobiles, Intelligent Manufacturing & Robotics, and Ecological Vehicles among researchers at universities, research institutes and industries in Asian countries, and to seek opportunities for the future collaboration among the participants.

Organizing Committee:

Chair: **Dr. Kwang Nam Hyun, President of KSEAJ, Japan**
Co-Chair: **Dr. Ki Jun Lee, President of KOFST, Korea**
Co-Chair: **Dr. Dong Sick Son, President of KCSEA, China**

Symposium Committee:

Symposium on Material Science & Nanotechnology

Dr. Byung-Koog Jang, National Institute of Material Science, Japan
Dr. Sang-Kuk Woo, Korea Institute of Energy Research, Korea

Symposium on Bioscience and Biotechnology

Dr. Jae Tea Woo, Chubu University, Japan
Dr. Hi Han Moon, Proteogen, Inc, Korea

Symposium on Next Generation Networks and Mobiles

Dr. MooWan Kim, Tokyo University of Information Science, Japan
Dr. Yong-Jin Park, Hanyang University, Korea

Symposium on Intelligent Manufacturing & Robotics

Dr. Kwang Nam Hyun, Waseda University, Japan
Dr. Hark Hwang, KAIST, Korea

Symposium on Ecological Vehicles and Energy

Dr. Yong Kil Kim, KSEAJ, Japan
Dr. Choonsik Bae, KAIST, Korea

Hosted by:

Korea Scientists & Engineers Association in Japan (KSEAJ)

Co-Sponsored by:

Korea Federation of Science and Technology (KOFST)
Korean-Chinese Scientists & Engineers Association (KCSEA)
National Center for Nanomaterials Technology (NCNT), Korea
Asian Pacific Industrial Engineering and Management Society (APIEMS)
Korea Federation of Companies in Japan
